What We Say

A splendid textbook example of a Loire Valley Sauvignon Blanc, full of gooseberry, fresh cut grass and a mineral edge on the nose. The palate is a lovely mouthwatering mix of juicy citrus characters and a touch of tropical flavours on the finish.

What They Say

On the nose this wine produces hints of exotic fruits which are reinforced by notes of herbaceous freshness and minerality. The wine is round, fruity and finishes with mineral notes and a light acidity which produces a beautiful richness.
